

# TOWN CENTER PARK

Town Center Park is a 42+ acre site located within the Town Center CID, just behind the Town Center at Cobb shopping mall. The current site consists of natural park space with forested areas and water elements while currently being traversed by the Noonday Creek Trail. A design team has been contracted to analyze the park site and determine how the area can be utilized for the community. Working with local regulation agencies, the CID is conducting analysis of the area that includes environmental assessments, flood plain studies, and water quality analysis.

## DESIGN:

Arcadis, HGOR, Winter Design

## FUNDING:

The Town Center CID is working collaboratively with Cobb County, the Town Center Community Alliance and philanthropic support to identify scope and funding partners.

## POTENTIAL FEATURES:

- 📍 Restored pond
- 📍 Natural woodland area
- 📍 Hiking trails
- 📍 Streambank restoration
- 📍 Environmental education resources
- 📍 Picnic areas
- 📍 Playground
- 📍 Bike share station
