

I-75 South Bridge Mural

Project Overview

Leigh Ann Culver, an Atlanta-based artist, is known for evocative portraits and charcoal works rooted in Southern history. Her mixed-media pieces appear across Georgia, reflecting human stories that connect past and present. Culver will turn the adjacent embankment into a serene setting with stained glass-inspired panels and candle imagery, bringing “light” beneath the bridge. Mural completed October 2025.

Completed Fall 2025
