

TCCID Electrification LCI Study

ADDENDUM No. 1

The intent of this addendum is to clarify items in the issued Request for Proposal as well as answer questions that have been submitted via email.

Question: Does the six-page max for the Understanding/Approach section include the one page max for the Schedule? Or is the Schedule a separate section with one page allotted for it? [Six pages are allowed for the Understanding/ Approach. One page is allowed for the Schedule. The Schedule should be placed in the Understanding/ Approach section for a total of seven pages.](#)

Question: Can firms include tabs? [Yes.](#) If so, will they be included in the page count? [No.](#)

Question: Does a front and back cover count towards the page limit? [No.](#)

Question: For the References page, is the title of the referenced project required? [Yes.](#) Or a brief summary of the referenced project? [A summary can be provided but is not required. The references provided are to be for similar projects as stated in the RFP. A project name would be beneficial when contacting your reference for comments.](#)

Question: Do subconsultants need to provide their DBE certification? [Provide DBE certifications for all firms on the proposal team.](#)

Question: Do subconsultants need to provide their CCDOT or GDOT certification? [It is not required for subconsultants to submit CCDOT or GDOT prequalification's, but they may be included at your discretion. They do not count towards the page limit.](#)

Question: The RFP states: "The prime firm should provide proof of CCDOT or GDOT prequalification. Certification for DBE firm also required." Is the CCDOT/GDOT prequalification a requirement for this study? [Yes.](#) If so, is it acceptable for a sub to carry that prequalification and which qualification are you seeking? [The prime firm should carry a CCDOT/ GDOT prequalification for the following area classes: 3.01, 3.02, and 3.13.](#)
