

## TCCID Electrification LCI Study

### ADDENDUM No. 2

This addendum is to clarify a previously issued response to a submitted question.

**Question submitted on Addendum No.1:** The RFP states: “The prime firm should provide proof of CCDOT or GDOT prequalification. Certification for DBE firm also required.” Is the CCDOT/GDOT prequalification a requirement for this study? **Yes.** If so, is it acceptable for a sub to carry that prequalification and which qualification are you seeking? **The prime firm should carry a CCDOT/ GDOT prequalification for the following area classes: 3.01, 3.02, and 3.13.**

**Clarification – The prime firm should carry a CCDOT/ GDOT prequalification for the following area classes: 1.01, 1.02, and 1.13.**
